Drexel University Thomas R. Kline Institute of Trial Advocacy

# About Women Owned Law

Women Owned Law is a ground-breaking group whose mission is to connect, support and advance women entrepreneurs in the law. WOL's members include practicing lawyers and other entrepreneurs from all aspects of the profession, represent every level of experience, from new lawyers to senior lawyers, and range from solo practitioners to larger law firms and companies. WOL supports its members and other women legal entrepreneurs in their business endeavors at every point in the business life-cycle. We advocate on behalf of women legal entrepreneurs and have been instrumental in raising the overall profile of women's entrepreneurship in the legal community. This Symposium, which we believe is the first conference to focus on women's entrepreneurship in the law, is a next step in that effort. We invite you to join us at this Inaugural event.
